

**KEMCAANA SCHOLARSHIP ENDOWMENT  
THANKS SCHOLARSHIP # 15**

Date Established: July 3, 2010

**NAME: NASIM AHMED (KE 1970)**

School: Central Model High School, Lahore

College: Government College, Lahore (1965)

Residency: Coney Island Hospital, Brooklyn, NY (1976)

Fellowship: Gastroenterology at University of Mississippi (1978)

He was in practice at Princeton, West Virginia for 22 years before moving to Orlando, Florida in 2001. He is involved in teaching of medical residents at ORMC and is assistant professor of Medicine at University of Central Florida Medical School.

He is married to Aamera (KE 1985) and they have three children: Usman, Saqib and Hana.

This scholarship is in honor of my parents Mian Abdul Latif and Hajra Begum. May GOD bless their souls.

Coordinator's note: It is indeed a blessing to have good and caring friends for more than 40 years. Nasim is very kind, soft spoken and a thorough gentleman. I had the good fortune of not only having Nasim as my classmate in the medical college but also doing residency training in the same hospital. We shared a house in New York during that period and I still remember what an accomplished cook he became under the tutelage of our classmate and housemate Mukhtar. Later on Nasim and Mukhtar competed to find who was a better cook while I became an expert in washing dishes. Tesneem and I had the privilege to attend his marriage in the beautiful mountains of West Virginia.

Thank you my friend for establishing this scholarship which is a "gift that keeps on giving."

Bashir Chaudhary
